Albina Yaloza

The Artist

Albina Yaloza born in Kharkiv, lives in Kiev. She graduated in 2006 from Kharkiv State Academy of Design and Fine Arts, department of graphic art. Since 2010 she is a member of the National Artists' Union of Ukraine. Lives and works in Odessa.

In the whole artistic production of Albina Yaloza, a strong attitude to search for new artistic solution proves that not only can she observe, but also feel surrounding reality.

She has been working the traditional linocut more than fifteen years.

In addition she constantly experiments and finds own original techniques and methods of printing. Her works are minimalistic in shape. They define the semantic field where each individual work is though a specific statement, which is exactly caught up in artistic language.

Previous cycle of her works was devoted to the landscape. Nowadays in her works Albina is the figurative is a projection of real-life objects of worship, with their extreme material side, in particular things which are literally with the accession number.
