

Innovation Design

Schindler is celebrating 150 years, a milestone built on the trust, dedication, and contributions of all our stakeholders. And what is next? Could we disrupt traditional vertical mobility?

Schindler elevators, escalators, and moving walks transport more than 2 billion people up and down buildings and across transportation hubs every day. Since our foundation in Central Switzerland in 1874, we have been pioneering new technologies for the mobility of today and tomorrow.

Dream a little dream with us about the future of building design at Fuorisalone and share your vision of tomorrow's elevator design. Together, let's shape the way people move, connect and experience spaces.

Trend setters, disrupters and change leaders – let's rethink the elevator!

Find us at **Spazio Left,**
Via Tortona 14, Milan,
from 15th to 21st April 2024,
10:30 to 20:00.
