the pulpo  
collection  
visit us during  
Milan Design  
Week 2022

pulpo runs wild, using rough and solid, yet shiny materials as a backdrop to the latest products by designers such as Sebastian Herkner, Studio BrichetZiegler, Julia Chiamonti, Natascha Madeiski and Visser&Meijwaard.

Yet another special surprise awaits on the lower level: Secret underground vaults with bright media installations. A bank unlike any other!
