

Celebrating a Decade of Italian Craftsmanship and Design: Artemest presents the third edition of L'Appartamento at Milan Design Week 2025

In celebration of its **10th anniversary**, **Artemest**, the destination offering unrivalled access to the world of Italian craftsmanship and design, announces the third edition of **L'Appartamento by Artemest**. Set during Milan Design Week 2025, the milestone exhibition celebrates the timeless allure of Italian craftsmanship and design through the lens of globally renowned design talents in an exclusive venue that will open its doors to the public for the first time.

This year's edition will unfold within **Palazzo Donizetti**, a 19th-century architectural masterpiece located in **Via Gaetano Donizetti 48**. Opening its doors to the public for the first time, the palazzo seamlessly captures the essence of Italy's timeless refinement and embodies an eclectic fusion of architectural styles—Renaissance grace, Baroque opulence, and the delicate allure of Liberty. The interiors boast high ceilings, beautifully detailed frescoes, and a monumental elliptical staircase with an elegant wrought-iron balustrade that connects the palazzo's three floors.

Inside, six internationally acclaimed interior design studios—**1508 London**, **Champalimaud Design**, **Meyer Davis**, **Nebras Aljoaib**, **Romanek Design Studio** and **Simone Haag**—will each transform a distinct room, showcasing an extraordinary selection of furniture, lighting, home décor and art by Italian artisans, brands, and artists. Together, they will craft spaces that exemplify the beauty, uniqueness, and creativity of Italian craftsmanship and design.

Visitors will ascend the palazzo's monumental elliptical staircase to explore the reimaged interiors. Highlights include:

- **The Foyer by Simone Haag:** An elegant prelude to the experience, where natural textures meet bold compositions, and colorful accents stand in perfect harmony with the palazzo's original charm.
- **The Reading Room & Studio by Nebras Aljoaib:** A refined and inviting space that merges classical architecture with bold, modern designs.
- **The Grand Salon by Meyer Davis:** A living room that embodies beauty and mystery, a space suspended between ancient myth and contemporary design.
- **The Dining Room by Romanek Design Studio:** The grandeur of convivial Italian gatherings expressed by a dynamic mix of textures and materials to create a sophisticated atmosphere.
- **The Entertainment Room by 1508 London:** A reinterpretation of the 19th-century salon as an eclectic space inspired by the most prestigious members' clubs and designed to foster connection and creativity.
- **The Bedroom by Champalimaud Design:** An artistic retreat where colorful glass, contemporary sculptures, and hand painted wallpapers create a new world of elegance.
