

# NEW: THE CERTOSA INITIATIVE DURING MILAN DESIGN WEEK

DUTCH FOUNDERS SHOW 10000M2 OF DESIGN TO THE WORLD

Beyond Space and Organisation in Design are excited to announce the launch of a new exhibition showcasing the forefront of design during Milan Design Week June 7-12: the **Certosa Initiative**. The **Certosa Initiative** will bring together the freshest emerging talents and the most respected global brands in a 10.000m2 post-industrial playground in the up-and-coming Certosa District. The brief is simple: claim your stake and make!

***“The initial exhibitor response is overwhelmingly enthusiastic,”*** say the founders of the Certosa Initiative, Remi Versteeg and Margriet Vollenberg, ***“It tells us the designer community is starved for the opportunity to come together again and share their work, with the general audience and each other.”*** The **Certosa Initiative** promises to be a spectacular addition to the Milan Design Week line-up.
